This learning journey will provide students with an authentic learning experience. At Sungei Buloh Wetland Reserve, the students will learn about the importance of wetland to animals and plants living there and how they adapt to their wetland habitat to ensure their survival. The learning experience will allow students to compare and contrast the rich biodiversity of the wetland habitat with the common habitats that they experience in the concrete jungle environment.

The students will be dismissed according to the normal dismissal procedures at 1.30 pm. Should you have further queries, please feel free to call or email your child's Form Teacher.

Yours sincerely
