Dear Parents of Primary 2 Students

Primary 2 Holistic Assessment for Term 1

Assessment is an integral part of the interactive process of teaching and learning. The main purpose of holistic assessment is to provide meaningful feedback on how students are doing in achieving specific learning outcome. It monitors students' progress and identifies their strengths and weaknesses so that students can take ownership of their learning. At the same time, more effective, focused and differentiated instructional packages can also be planned.

In order to allow you to have a better idea of the guiding framework, content, resources and programmes of the subjects offered in primary school, we have prepared the Information Booklet for Parents for the respective levels. We have also included in the booklet some information on the Holistic Assessment (HA) practices in the school. More details on the weighted assessment items are given at the beginning of each term in separate letters to parents, such as this one. The Information Booklets are also made available on our school website.
