Dear Parents

Singapore Student Learning Space (SLS)

As part of its commitment to nurturing future-ready learners, the Ministry of Education (MOE) had announced that all students in Singapore schools will be supported in their learning by the Singapore Student Learning Space (SLS), an online learning platform that contains curriculum-aligned resources and learning tools.

With the SLS, students will be able to learn better through the use of technology. Students will be able to learn anytime, anywhere and at their own pace, whether independently or with their peers. Teachers will also be able to use the SLS to complement their classroom teaching, further enriching students' learning experience.

Your child's username, password and other administrative information have been issued to your child separately. We strongly discourage parents from resetting password and security questions to ease the administrations when students use the portal in school. Should you need to reset the password or the answers to the security questions for your child's account, do ensure that the information is related to your child. To perform password reset, please follow the instructions attached. For the answers to the security questions that you can use to reset the password, please refer to the notes given to your child.

Should you have further queries, please feel free to call or email your child's Form Teacher.

We look forward to your support.

Yours sincerely
Mdm Dewi Juliana
HOD/ICT

Login to SLS

1. SLS can be accessed from <https://learning.moe.edu.sg>. The username and passwords are issued to your child separately.
